

U3A BULLETIN
16th May 2022

COURSE INFORMATION

Jeanette John has taken leave – a replacement Choir Master has been found. Thank you to John Stubbings for stepping in.

Mah Jong has recommenced on Friday afternoons.

Titanic and the Great Ships has started for this term – if you only want to attend the last three sessions on the Great Ships please enrol in the class and notify the Office.

Lectures are back:

Monday 23rd of May – Echoes from Elcho – Anecdotes from Arnhem Land – James McKay. In the Chapel, 1.00 – 3.00pm.

Monday 20th of June – The Truth, The Whole Truth and Made Up Stuff – James McKay. In the Chapel, 1.00 – 3.00pm.

These are listed on the timetable. You need to be enrolled to attend either online or through the Office. Honorary members need to advise the Office and you will be included in the Guest List.

LET'S DO LUNCH! IS BACK:

I am so very happy to get Let's Do Lunch! back on our timetable! For those new to U3A this is an opportunity to come along and enjoy a home-cooked meal and socialise with people you know and people you are yet to know!

WHEN: Monday the 23rd of May from 11.30 – 12.45 in the Lounge. This timing will allow you to attend the lecture which starts at 1.00pm.

Numbers are limited.

You must enrol to attend, either online or through the Office, and you will need to pay the princely sum of \$5.00. The menu this time will be your choice of homemade soup, delicious sandwiches and sumptuous cakes and slices. Tea and coffee. GF and vegetarian available.

Looking forward to seeing you! Nanette Tunnicliffe and the team.

NEW FOR TERM 3:

- **The Brain – A User’s Guide – Geoffrey Waite – Term 3**

This course will explore the activities of the human brain.

Some topics to be included are:

- **The development, anatomy and function of the whole and of various parts of the brain, the nervous system and their nerves.**
- **The connections between consciousness, the sub-conscious and the unconscious minds and the body.**
- **The notions of energy, trains of thought, processes and patterns in the brain and nervous system.**
- **Other topics could be presented in answer to queries from the group.**

- **How to use the Internet – Jill Lewis**

This course is still being devised but will cover the topics listed below and more:

- **Bookmarking, how and why**
 - **Folders and files - structure**
 - **Types of files (jpg, pdf, docx,) what they mean**
 - **Desktop - pinning for easy discoverability**
 - **Cyber safety, things to avoid, recognise suspicious web addresses**
 - **Open several web pages at once**
 - **Browser Menu bar, understanding icon meanings**

National Volunteer Week
16th - 22nd May

This is Australia's largest annual celebration of volunteering.

For U3A Geelong our volunteers are our most treasured resource. All facets of our organisation exist due to the time, energy, commitment and motivation of our volunteers across the board.

Volunteers are not just the most obvious people you think of – we know our tutors and Office volunteers contribute on a daily basis. But, so do all you others who are secretaries, assistants and those of you who do not have a title but who help with furniture, sanitizing and equipment.

As members, I know you appreciate their efforts throughout the year.

The U3A Geelong Committee of Management would like to thank all of you for what you do.

Better together
